YARDEFARM

Serious about ice cream

Romantic, nostalgic, indulgent... ice cream is one of life's true pleasures and has the power to bring people together for any occasion, with the guarantee of creating smiles. That's why we take ice cream so seriously!

From our home in Devon, where we've been crafting award-winning, artisanal ice cream and sorbets for over 30 years, we pride ourselves on the lengths we go to to create extraordinary ice cream. Everything starts with the finest ingredients: fresh ingredients, clotted cream and real fruit. Simple. With no nasties...ever!

Our extraordinary team of Gelaticians pride themselves on hand-filling thousands of litres of ice cream, across 30 extraordinary flavours, into Napoli tubs and mini tubs, every week. Trust us... that's a lot of ice cream! If all that doesn't make us different enough, our extraordinary ice cream can be scooped straight from the freezer at -18°, making it hugely convenient; and we offer extraordinary support to our partner customers, the widest range of branded point-of-sale items to make displays both exciting and unmissable.

Our purpose is simple... to bring as much joy and make as many memorable moments as possible, through our dedication to creating the very best ice cream experiences.

'Yarde Farm have a wide variety of flavours allowing us to make some amazing galactic shakes and sundaes. The range changes seasonally and the support has always been great.'
